

## INFILED ORAR 3.91CC

### Specification Sheet

## KEY FEATURES

Automatic lock design. Enables one engineer to finish installation

Mobile control solution, 4K in hand

Ultra lightweight design

## OVERVIEW

Elevate outdoor visual experiences with the Infiled ORAR 3.91CC Outdoor Tile, boasting a 3.91mm pixel pitch for clarity and vibrant displays under sunlight. Designed for reliability, longevity, and versatility, this tile is ideal for various applications, from large-scale events to bustling city centers, transforming outdoor spaces into captivating visual showcases. Explore our client work to witness its impact.

## SPECIFICATIONS

Pixel Pitch	3.91mm	Operating Temperature	-20°C~+45°C
Physical Density	65,536pixels/m <sup>2</sup>	Refresh Rate	≤3,840Hz
Module Resolution	64x128pixels	IP Rating	IP65
Module Dimensions	250×500mm (9.84×19.69in)	Verification	CE, ETL, FCC, RoHS, REACH , WEEE, Fireproof
Cabinet Dimensions	500 x 500mm & 500×1000×67mm	Signal Input Source	DVI, HDMI, DP, SDI
Cabinet Resolution	128x256pixels	Max Rigging	18 panels
Cabinet Weight	12.5kg(27.56lb)	Avg Power Consumption	90w/panel
Brightness	5,000nits	Viewing Angle	160°/155°
Max Power Consumption	270w/panel	Operating Power Source	AC100-240V 50-60Hz
